

18-04-2026

- Shown the Excel import into the database from Librarian to the client
- Explained the quiz filtering and how they are fetched
- Questions of how to deploy and present the demo by tomorrow
- UI changes from the TA - very LLM generated way
 - Just tell TA this is how client wants
- Showed the Location Bar on the top
- Talked about the RAG implementation of the chatbot - not sure if he understood
-

TO DO

- Null image books shouldn't be displayed
- Test excel, see if can manipulate rows/columns to fit in order
- Deploy and see how we can deploy it in expo and create it by tomorrow if we can

oxford (children's books, online chat, etc.) owl - knowledge bird - hindu mythology
- wisdom
